

Montreal, June 5, 2007. - Strateco Resources Inc. (TSX Venture: RSC; USA: SRSIF; Deutsche Börse (Frankfurt): RF9)

STRATECO ANNOUNCES GRADUATION ON TSX

Strateco Resources Inc. ("Strateco") announces today that the Toronto Stock Exchange ("TSX") has approved the Company's application for listing of Strateco's outstanding common shares on the TSX. Commencing market opening on Wednesday, June 6, 2007, the common shares of Strateco will begin trading on TSX under the symbol "RSC". On commencement of TSX trading, Strateco's shares will be delisted on the TSX Venture (TSX-V).

Guy Hébert, President and CEO says: "This graduation will increase our exposure to a much larger investment community."

About Strateco:

Strateco Resources Inc. is a publicly listed (TSX-V: RSC) junior resources company engaged in the business of exploring and developing the uranium Matoush high-grade property. The Matoush property, wholly-owned by Strateco, located in the Otish Mountains in the North of Quebec has a strike length of 24 km and covers 164 km². Strateco has three drills currently in operation on the property and 86 drill holes have been completed, including 48 in 2007. The results of the drilling program will be used to prepare a new NI 43-101 Technical Report, including the first uranium resources calculation on the Matoush property. The report prepared by Scott Wilson Roscoe Postle Associates Inc. of Toronto should be ready by the end of August 2007. Strateco has also started with Golder Associates an environmental impact study for a mining operation on the Matoush property.
